Orders should be faxed to 651-704-4077 or emailed to ibmmedia@imation.com

IBM Ultrium LTO VOL-SER Label Order Guide Instructions

Customer satisfaction begins with complete, accurate, and timely order placement by the IBM Brand Distributor. This order guide must be completed accurately and faxed to IBM Customer Service at 651-704-4077 or emailed to ibmmmedia@imation.com before your customer's order can be initiated by the plant.

This form has four sections. Sections 1 - 3 must be complete.

- 1. Customer:** We need **complete** information where exactly to ship the merchandise, who to call if we have a question and who receives the bill. Clearly identify a specific customer requested delivery date and if air shipment is required. If a specific delivery date is not identified, orders will ship 1 week from receipt of order. Incomplete forms may cause delays in shipment.
- 2. Tape Cartridge:** Clearly identify the quantity ordered and select either Ultrium LTO 3, LTO 2 or LTO 1 cartridges. Select the label type that matches your requirements. Identify the label sequence for your order. If alpha characters are required, please identify the alpha character and background color choice in the desired positions. All label sequences must have six digits or characters. For the number zero, please put a Ø.

Ultrium LTO 3 cartridges will include a mandatory L3 character as the media identifier. Ultrium LTO 2 cartridges will include a mandatory L2 character as the media identifier. Ultrium LTO 1 cartridges will include a mandatory L1 character as the media identifier.
- 3. Cleaning Cartridges:** Clearly identify the quantity of cleaning cartridges ordered and select either Ultrium LTO Universal Cleaning Cartridge or Ultrium LTO IBM Cleaning Cartridge. Identify the last two digits in the label sequence. Select the label type that matches your requirements. For the number zero, please put a Ø.

Ultrium LTO Universal and IBM cleaning cartridges will include a mandatory media identifier, based on the label type selected.
- 4. Special Instructions:** Use this area to indicate split ships, partial orders, special delivery instructions, other label type, etc.
- 5. For Internal Use:** This area will note the invoice (for tracking purposes), and the date the order was released.
- 6. Delivery Information:** Labeled orders ship from Tucson approximately 1 week from receipt of order. Standard Ground Routing Applies. For air route delivery the customer pays the difference between Standard Ground Routing and AirFreight Charges.
- 8. QUESTIONS?** In the U.S. and Canada, call your IBM Customer Service Representative at 1-888-426-6334. For locations outside the U.S. and Canada, contact your local IBM media distributor or send an e-mail message to: ibmmmedia@imation.com.

LTO Ultrium Data Cartridge Labels

Alpha characters in Volser are black on background color of choice (as illustrated below); numeric characters in Volser sequence are black on vibrant colors. All label types are also available with black characters on white background as a special order.

0 = Red 1 = Yellow 2 = Lt. Green 3 = Lt. Blue 4 = Grey 5 = Orange 6 = Pink 7 = Dk. Green 8 = Lt. Orange 9 = Purple
